## **ATF/NORTON POLICE OFFER REWARD IN OHIO PIPE BOMB CASE**

AKRON, Ohio -- The Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) and the Norton Police Department announced today a \$1,000 reward for information leading to the arrest and conviction of those responsible for placing a pipe bomb on an all-terrain vehicle trail in a heavily wooded area near the PPG Limestone Mine in suburban Norton.

On April 23, Norton police and fire officials responded to the area after two citizens discovered the pipe bomb while riding their all-terrain vehicles on the trail. ATF and the Summit County Bomb Response Task Force rendered the device safe.

Anyone with information concerning this incident should contact the Norton Police Department at 330-825-2491 or ATF at 216-522-3786. All calls will be kept confidential.

ATF is the federal law enforcement agency with jurisdiction for investigating pipe bombs and other explosives incidents. More information on ATF and its programs is at [www.atf.gov](http://www.atf.gov).
